

U.S. Geological Survey - 2003 - DOI, MOCC (Motorboat Operator Certification Course)/MOICC (Motorboat Operator Instructor Certification Course) courses

- Prerequisite: Nominees for MOCC training need only contact the course coordinator.
Nominees for MOICC instructor certification training must be currently MOCC certified boat operators.
- Nomination: MOCC - Check with individual course coordinator, respective Regional Program Manager, or Bureau Watercraft Safety Program Manager.
MOICC - Check with course coordinator and confirm nomination through the Respective Regional Program Manager and/or Bureau Program Manager, Tom Edwards (503-251-3227) tedwards@usgs.gov .
- Class Size: Varies dependent on number of available instructors and boats in a given area to maintain 3:1 and never more than 4:1 student to instructor ratio for on-the-water practical exercises.
- Session length: MOCC - 24 - 32 hours
MOCC+ with Moving Water Module – 36 – 40 hours
MOICC - 36 - 40 hours

Motorboat Operator Certification Course – Eastern Region Watercraft Safety Program Manager – Bob Winowitch (631-736-0783 X 133)
rbwinowi@usgs.gov

Alabama

- MOCC 1:** Dates: Spring 2003 (actual dates to be determined)
Location: Tuscaloosa, AL
Course: MOCC certification
Class size: 5+
Session length: 24-32 hours
Tuition: To be determined by course coordinator
Travel and per diem is the responsibility of each student

Coordinator: Bill Hard (205-752-8104 X 224) wahard@usgs.gov
Status: May be restricted to local Field Office students
Call for availability and scheduling

Florida

- MOCC 2:** Dates: Winter/Spring 2003 (actual dates to be determined)
Location: St. Petersburg, FL
Course: MOCC certification
Class size: 12 each class
Session length: 24-32 hours
Tuition: To be determined by course coordinator
Travel and per diem is the responsibility of each student
Closing date: Unknown on January 9, 2003
Coordinator: Terry Kelley (727-803-8747 X 3050) tkelley@usgs.gov
Status: Call for availability and scheduling

Michigan

MOCC 3: Dates: Spring 2003 (actual dates to be determined)
Location: Ann Arbor, MI
Course: MOCC certification
Class size: 6+
Session length: 24-32 hours
Tuition: To be determined by course coordinator
Travel and per diem is the responsibility of each student
Closing date: Unknown on January 9, 2003
Coordinator: Marc Blouin (734-214-7248) marc_blouin@usgs.gov
Status: Call for availability and scheduling

New York

MOCC 4: Dates: June 2003 (actual dates to be determined)
Location: Troy, NY
Course: MOCC certification
Class size: 18-24
Session length: 24-32 hours
Tuition: To be determined by course coordinator
Travel and per diem is the responsibility of each student
Closing date: To be announced Spring 2003
Coordinator: Bob Winowitch (631-736-0783 X 133) rbwinowi@usgs.gov
Status: Call for availability and scheduling

North Carolina

MOCC 5: Dates: January - March 2003 (actual dates to be determined)
Location: North Carolina State University
Course: MOCC certification
Class size: 10
Session length: 24-32 hours
Tuition: To be determined by course coordinator
Travel and per diem is the responsibility of each student
Closing date: Unknown on January 9, 2003
Coordinator: Joe Hightower (919-515-8836) jhightower@usgs.gov
Status: Call for availability and scheduling

South Carolina

MOCC 6: Dates: July 2003 (actual dates to be determined)
Location: McCormick, SC
Course: MOCC certification
Class size: 12
Session length: 24-32 hours
Tuition: To be determined by course coordinator
Travel and per diem is the responsibility of each student
Closing date: Unknown on January 9, 2003
Coordinator: Jeff Isely (864-656-1265) jisely@usgs.gov
Status: Call for availability and scheduling

Tennessee

MOCC 7: Dates: August 2003 (actual dates to be determined)
Location: Cookeville, TN
Course: MOCC certification
Class size: 10+
Session length: 24-32 hours
Tuition: To be determined by course coordinator

Travel and per diem is the responsibility of each student
Closing date: Unknown on January 9, 2003
Coordinator: Phillip Bettoli pbettoli@usgs.gov
Status: Call for availability and scheduling

Vermont

MOCC 8: Dates: Spring/Summer 2003 (actual dates to be determined)
Location: Burlington, VT
Course: MOCC certification
Class size: ?
Session length: 24-32 hours
Tuition: To be determined by course coordinator
Travel and per diem is the responsibility of each student
Closing date: Unknown on January 9, 2003
Coordinator: Donna Parrish (802-656-2693) dparrish@usgs.gov
Status: May be restricted to local Science Center students
Call for potential availability and scheduling

Wisconsin

MOCC 9: Dates: June 2003 (actual dates to be determined)
Location: La Crosse, WI
Course: MOCC certification
Class size: 15
Session length: 24-32 hours
Tuition: To be determined by course coordinator
Travel and per diem is the responsibility of each student
Closing date: Unknown on January 9, 2003
Coordinator: Randy Hines (608-781-6398) randy_hines@usgs.gov
Status: Call for availability and scheduling

Motorboat Operator Certification Course – Central Region Watercraft Safety Program Manager – Ron Kuzniar (303-445-4650) rkuzniar@usgs.gov

Arkansas

MOCC 10: Dates: Winter 2003 (actual dates to be determined)
Location: Little Rock, AR
Course: MOCC certification
Class size: ?
Session length: 24-32 hours
Tuition: To be determined by course coordinator
Travel and per diem is the responsibility of each student
Closing date: Unknown on January 9, 2003
Coordinator: Charles Heavener (501-228-3662) heavener@usgs.gov
Status: May be restricted to local Field Office students
Call for potential availability and scheduling

Colorado

MOCC 11: Dates: Spring/Summer 2003 (actual dates to be determined)
Location: Denver, CO
Course: MOCC certification
Class size: 15
Session length: 24-32 hours
Tuition: To be determined by course coordinator
Travel and per diem is the responsibility of each student

Closing date: Unknown on January 9, 2003
Coordinator: Ron Kuzniar (303-445-4650) rkuzniar@usgs.gov
Status: Call for availability and scheduling

MOCC 12: Dates: Spring/Summer 2003 (actual dates to be determined)
Location: Denver, CO
Course: MOCC certification
Class size: 20
Session length: 24-32 hours
Tuition: To be determined by course coordinator
Travel and per diem is the responsibility of each student
Closing date: Unknown on January 9, 2003
Coordinator: Gordon Mueller (303-445-2218) gordon_a_mueller@usgs.gov
Status: Call for availability and scheduling

Louisiana

MOCC 13: Dates: Winter/Spring 2003 (actual dates to be determined)
Location: Lafayette, LA
Course: MOCC certification
Class size: 15+
Session length: 24-32 hours
Tuition: To be determined by course coordinator
Travel and per diem is the responsibility of each student
Closing date: Unknown on January 9, 2003
Coordinator: Wayne Norling (337-266-8640) wayne_norling@usgs.gov
Status: Call for availability and scheduling

New Mexico

MOCC 14: Dates: May 2003 (actual dates to be determined)
Location: Las Cruces, NM
Course: MOCC certification
Class size: 5+
Session length: 24-32 hours
Tuition: To be determined by course coordinator
Travel and per diem is the responsibility of each student
Closing date: Unknown on January 9, 2003
Coordinator: Colleen Caldwell (505-646-8126) ccaldwel@usgs.gov
Status: May be restricted to local Field Station students
Call for potential availability and scheduling

Missouri

MOCC 15: Dates: Spring 2003 (actual dates to be determined)
Location: Columbia, MO
Course: MOCC certification
Class size: ?
Session length: 24-32 hours
Tuition: To be determined by course coordinator
Travel and per diem is the responsibility of each student
Closing date: Unknown on January 9, 2003
Coordinator: Paul Heine (573-875-5399 X 1815) paul_heine@usgs.gov
Status: Call for availability and scheduling

Montana

MOCC 16: Dates: Spring 2003 (actual dates to be determined)
Location: Bozeman, MT
Course: MOCC certification

Class size: ?
Session length: 24-32 hours
Tuition: To be determined by course coordinator
Travel and per diem is the responsibility of each student
Closing date: Unknown on January 9, 2003
Coordinator: Chris Guy (785-532-6634) cguy@usgs.gov
Status: Call for availability and scheduling

MOCC 17: Dates: Spring/Summer 2003 (actual dates to be determined)
Location: Helena, MT
Course: MOCC certification
Class size: 15
Session length: 24-32 hours
Tuition: To be determined by course coordinator
Travel and per diem is the responsibility of each student
Closing date: Unknown on January 9, 2003
Coordinator: Ron Kuzniar (303-445-4650) rkuzniar@usgs.gov
Status: Call for availability and scheduling

Texas

MOCC 18: Dates: Spring/Summer 2003 (actual dates to be determined)
Location: Austin, TX
Course: MOCC certification
Class size: 15
Session length: 24-32 hours
Tuition: To be determined by course coordinator
Travel and per diem is the responsibility of each student
Closing date: Unknown on January 9, 2003
Coordinator: Ron Kuzniar (303-445-4650) rkuzniar@usgs.gov
Status: Call for availability and scheduling

**Motorboat Operator Certification Course – Western Region Watercraft
Safety Program Manager – Byron Richards (650-369-2365)
bjrichar@usgs.gov**

Alaska

MOCC 19: Dates: June 2003 (actual dates to be determined)
Location: King Salmon, AK
Course: MOCC certification
Class size: 20
Session length: 24-32 hours
Tuition: To be determined by course coordinator
Travel and per diem is the responsibility of each student
Closing date: Unknown on January 9, 2003
Coordinator: Joe Margraf (410-651-7654) jmargraf@usgs.gov
Status: Call for availability and scheduling

California

MOCC 20: Dates: January 2003 (actual dates to be determined)
Location: Vallejo, CA
Course: MOCC certification
Class size: 5+

Session length: 24-32 hours
Tuition: To be determined by course coordinator
Travel and per diem is the responsibility of each student
Closing date: Unknown on January 9, 2003
Coordinator: A. Keith Miles (530-752-5365) keith_miles@usgs.gov
Status: May be restricted to local Field Station students
Call for availability and scheduling

MOCC 21: Dates: March 2003 (actual dates to be determined)
Location: San Diego, CA
Course: MOCC certification
Class size: 5+
Session length: 24-32 hours
Tuition: To be determined by course coordinator
Travel and per diem is the responsibility of each student

Coordinator: John Beeman (509-538-2299 X 257) john_beeman@usgs.gov
Status: Normally open for 1-3 outside students
Call for availability and scheduling

Motorboat Operator Instructor Certification Course

Florida

MOICC 1: Dates: *(Coordinator scheduled as needed)*
Location: St. Petersburg, FL *(Other training sites may be selected depending on availability of adequate facilities.)*
Course: MOICC instructor certification
Prerequisite: Nominees must be experienced boat operators with current MOCC certification and cleared for attendance by respective Regional or Bureau Watercraft Safety Program Manager.
Post-requisite: Upon receipt of MOICC certification, the instructor must be willing to participate in the capacity of assisting instructor or as MOCC course coordinator outside of their home office facility at least once per 3 year instructor certification period.
Expectations: Instructor candidates will assist instructors in logistics of setting

up an MOCC course and will be expected to conduct training for assigned portions of the course.

Class Size: Maximum 12 students

Session length: 36-40 hours

Tuition: Check with coordinator.

Travel and per diem is the responsibility of each student.

Closing Date: Determined by coordinator dependent on dates of training

Coordinator: Terry Kelley (727-803-8747 x 3050) tkelley@usgs.gov

For Training conducted at St. Petersburg, FL.

(Coordinator TBA if training is conducted at sites other than St. Petersburg, FL.)

Secondary contact: Tom Edwards (503-251-3227; FAX 503-251-3470)

tedwards@usgs.gov

Status: Call for availability and scheduling

Other MOICC training may be scheduled in cooperation with other Department of Interior agencies.
